

March 10, 2021

Dear UTMD Stockholder:

You are cordially invited to attend the 2021 Annual Meeting of Stockholders of Utah Medical Products, Inc. (UTMD). The meeting will be held promptly at 12:00 noon (Mountain time), on Friday, May 7, 2021 at the corporate offices of UTMD, 7043 South 300 West, Midvale, Utah USA. Please use the North Entrance.

Please note that attendance at the Annual Meeting will be limited to stockholders as of the record date (or their authorized representatives) and guests of the Company. Proof of ownership can be a copy of the enclosed proxy card. You may wish to refer to page one of this Proxy Statement for information about voting your proxy, including voting at the Annual Meeting.

We are acutely aware, in the presence of the corona virus pandemic, of recommendations to limit travel and gatherings of people. In conjunction with the meeting, the temperature of all potential attendees will be taken with those appearing to have a fever, or showing any other symptoms, not allowed to attend. Masks will be required, and social distancing practiced at the meeting. A normal in-person annual meeting complying with these accepted "best practices" will allow the opportunity for stockholders to interact directly with management and be able to get all questions answered.

Because, as a practical matter, 76% of UTMD ownership is apparently held by financial institutions, we do not expect more than a few people will physically attend the Annual Meeting, consistent with past years. UTMD has always maintained an open invitation for stockholders to call management directly with questions and/or concerns, AT ANY TIME. The only proposals to be considered at the meeting are the three described below and in the accompanying document.

At the Annual Meeting, we seek the approval of UTMD stockholders in re-electing two experienced directors and ratifying the selection of the same independent accounting firm. In an advisory vote, we are also asking UTMD stockholders to approve UTMD's executive compensation program which has not changed since the last stockholders' approval.

If you will be unable to attend the meeting, please complete your proxy and return it as soon as possible. If you decide later to attend the meeting, you may revoke the proxy and vote in person. In general, you have several options for obtaining UTMD's public announcements and other disclosures including financial information, such as SEC Forms 10-K and 10-Q. You can be added to the Company email or regular mail lists by contacting Crystal Rios with your email or mailing address, by sending an instruction letter to the corporate address, by calling (801-569-4109) with instructions, or by e-mailing your contact information to info@utahmed.com. As an alternative, you can view and print Company financial and other information directly from UTMD's website; <http://www.utahmed.com>.

Thank you for your ownership in UTMD!

Sincerely

A handwritten signature in black ink that reads 'Kevin L. Cornwell'.

PROXY STATEMENT

This Proxy Statement is furnished to stockholders of UTAH MEDICAL PRODUCTS, INC. (the “Company” or “UTMD”) in connection with the Annual Meeting of Stockholders (the “Annual Meeting”) to be held on May 7, 2021 at 12:00 noon local time, and any postponement or adjournment(s) thereof. The enclosed proxy, when properly executed and returned in a timely manner, will be voted at the Annual Meeting in accordance with the directions set forth thereon. If the enclosed proxy is signed and timely returned without specific instructions, it will be voted at the Annual Meeting:

- (1) FOR the election of Kevin L. Cornwell and Paul O. Richins as directors;
- (2) FOR the ratification of Haynie & Company as the Company’s independent registered public accounting firm; and
- (3) IN support of the Company’s executive compensation program.

The Board of Directors has approved proposals 1-3 and recommends that the stockholders vote in favor of those proposals. Proxies solicited by the Company will be voted FOR proposals 1-3 unless a vote against, or an abstention from, one or more of the proposals is specifically indicated on the proxy.

A proxy for the Annual Meeting is enclosed. It is important that each stockholder complete, sign, date and return the enclosed proxy promptly, whether or not she/he plans to attend the Annual Meeting. Any stockholder who executes and delivers a proxy has the right to revoke it at any time prior to its exercise by providing the Secretary of the Company with an instrument revoking the proxy or by providing the Secretary of the Company with a duly executed proxy bearing a later date. In addition, a stockholder may revoke her/his proxy by attending the Annual Meeting and electing to vote in person.

Proxies are being solicited by the Company. All costs and expenses incurred in connection with the solicitation will be paid by the Company. Proxies are being solicited by mail, but in certain circumstances, officers and directors of the Company may make further solicitation in person, by telephone, email, facsimile transmission or overnight courier.

Only holders of the 3,644,260 shares of common stock, par value \$0.01 per share, of the Company (the “Common Stock”) issued and outstanding as of the close of business on March 5, 2021 (the “Record Date”), will be entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote. Holders of at least a majority of the 3,644,260 shares of Common Stock outstanding on the Record Date must be represented at the Annual Meeting to constitute a quorum for conducting business.

All properly executed and returned proxies, as well as shares represented in person at the meeting, will be counted for purposes of determining if a quorum is present, whether or not the proxies are instructed to abstain from voting or consist of broker non-votes. Under the Utah Revised Business Corporation Act, matters other than the election of directors and certain specified extraordinary matters are approved if the number of votes cast FOR exceed the number of votes cast AGAINST. Directors are elected by a plurality of the votes cast. Abstentions and broker non-votes are not counted for purposes of determining whether a matter has been approved or a director has been elected.

Executive officers and directors holding an aggregate of 250,916 shares, or approximately 7% of the issued and outstanding stock have indicated their intent to vote in favor of proposals 1-3.

PROPOSAL NO. 1. ELECTION OF DIRECTORS

General

The Company's Articles of Incorporation provide that the Board of Directors is divided into three classes as nearly equal in size as possible, with the term of each director being three years and until such director's successor is elected and qualified. One class of the Board of Directors shall be elected each year at the annual meeting of the stockholders of the Company. The Board of Directors has nominated Mr. Kevin L. Cornwell and Mr. Paul O. Richins for re-election as directors, for three-year terms expiring at the 2024 Annual Meeting. The seats up for election are uncontested, i.e. no other nominees have been submitted. Under UTMD's Bylaws, the nominees will be elected by a plurality of votes cast. Since there are no other nominees, as a practical matter, one FOR vote will elect the directors. However, under a policy adopted by UTMD in 2018, any nominee for the board of directors receiving less than a majority of the votes cast in an uncontested election shall submit her or his resignation to the board of directors, which shall accept or decline to accept that resignation in its sole discretion.

It is intended that votes will be cast, pursuant to authority granted by the enclosed proxy, for the election of the nominees named above as directors of the Company, except as otherwise specified in the proxy. In the event a nominee shall be unable to serve, votes will be cast, pursuant to authority granted by the enclosed proxy, for such other person as may be designated by the Board of Directors. The officers of the Company are elected to serve at the pleasure of the Board of Directors. The information concerning the nominees and other directors and their security holdings has been furnished by them to the Company. (Please see "PRINCIPAL STOCKHOLDERS" below.)

Directors and Nominees

The Board of Directors' nominees for election as directors of the Company at the Annual Meeting are Kevin L. Cornwell and Paul O. Richins. Other members of the Board of Directors were elected at the Company's 2019 and 2020 meetings for terms of three years, and therefore are not standing for election at the current Annual Meeting. The term of Dr. Payne expires at the 2022 Annual Meeting, and the terms of Mr. Hoyer and Dr. Beeson expire at the 2023 Annual Meeting. The Board of Directors has determined that Dr. Payne, Mr. Hoyer and Dr. Beeson are independent directors within the meaning of Nasdaq Stock Market Rule 5605(a)(2). Mr. Richins shall become an independent director within the meaning of Nasdaq Stock Market Rule 5605(a)(2) on April 3, 2021, three years after he retired from employment at UTMD. None of the directors has served on the board of another public company during the past five years. None of the directors has been a party in a legal proceeding during the past ten years related to securities, financial institutions or fraud in connection with any business entity or agency or organization, as defined in the Exchange Act that has disciplinary authority over its members. Background information appears below with respect to the incumbent directors whose terms have not expired, as well as the directors standing for re-election to the Board.

Percentages calculated for totals assume the exercise of options comprising such totals.

Section 16(a) Beneficial Ownership Reporting Requirements

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of equity securities of the Company. Officers, directors and greater than 10% stockholders are required to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company, all Section 16(a) requirements applicable to persons who were officers, directors and greater than 10% stockholders during the preceding fiscal year were complied with.

Narrative disclosure to the Summary Compensation Table:

1. Mr. Richins retired from employment on April 2, 2018. The Board of Directors appointed Brian Koopman, who served as UTMD's Contoller since 2006, to replace Mr. Richins as UTMD's Principal Financial Officer.
2. Amounts included in All Other Compensation represent the aggregate total of Company 401(k) matching contributions, Company Section 125 matching contributions, and reimbursements under UTMD's pet insurance plan to each named executive officer, all of which are benefits available to regular full-time employees. During 2021, each named executive officer will be eligible to receive payment of eligible medical expenses under the employee Health Plan, up to \$6,840 in 401(k) matching contributions, up to \$500 in pet health cost reimbursements and up to \$500 in matching Section 125 matching contributions.
3. Medical, dental and vision expenses paid under the Company's Health Plan, which are available to regular full-time employees, are not included in the above table.
4. Non-equity Incentive Plan Compensation amounts, as described in more detail starting on page 10 under Bonuses were paid in early February of the applicable following calendar year, representing Management Bonuses earned during the fiscal year reported.

2020 Grants of Equity Incentive Plan-Based Awards

Mr. Koopman received a March 2020 stock option award of 2,000 shares. No other awards were made in 2020 to the named executive officers listed in the Summary Compensation Table. The Company's only equity incentive plan is its 2013 Employees' and Directors' Incentive Plan, under which a total of 26,300 option share awards were issued in March 2020 to 48 employees at an exercise price of \$77.05.

2020 Grants of Non-Equity Incentive Plan-Based Awards

Named Executive Officers participated in the Profit-Sharing Management Bonus (MB) Plan, which is generally available to all employees, with a few exceptions due to leaves of absence or disciplinary procedures. The structure of the performance-based MB Plan is described in the following **Compensation Discussion and Analysis**. The 2020 awards under the MB Plan to the named executive officers were recommended by the Compensation and Benefits Committee in early 2021, after the independent audit of financial results had been concluded. The awards were subsequently approved by the Board of Directors. During 2020 and in early 2021, all UTMD employees, including employees of UTMD subsidiaries, received special bonuses and/or profit-sharing bonuses based on 2020 performance. The structure of the MB Plan remains the same for 2021.

Additional disclosure regarding executive and employee compensation

The Compensation and Benefits Committee (“Compensation Committee”) establishes the criteria, and directs the implementation, of all compensation program elements for the CEO. The CEO’s base salary is set early in each calendar year by the Board of Directors after review of the recommendation of the Compensation Committee. Mr. Cornwell’s base salary for 2021 was set at \$156,000, the same as in 2020 and 2019. Mr. Cornwell contributed 50% of his approved base salary in 2020 to recompense the cost difference above normal sick benefits of paying employees required to be on quarantine from work due to the corona virus. The annual MB paid to Mr. Cornwell in early 2021 for 2020 performance represented 74% of his total 2020 compensation. Mr. Cornwell’s 2020 MB was 22.3% lower than in 2019, the same as the base value for all employees set by the Compensation Committee as a result of the Company’s consolidated Earnings Before Tax (and MB accrual) in 2020 which were 22.1% lower than in 2019.

Beginning in 2006, although the mechanism for the MB Plan remains unchanged, in order to compensate for the decrease in the number of option shares granted employees (as the result of the requirement to expense the estimated “value” of options), the Compensation Committee added, except for the CEO, an additional MB inflating factor ranging each year from 7-15%.

The bonus inflating factor in 2019 was 15%. Because of the increase in option expense in 2020, the Compensation Committee reduced the inflating factor to zero for employees who received 2020 options, and from 15% to 10% for those employees who did not receive 2020 options. As a result of the combination of the lower MB base value and a lower inflating factor for 2020, the MB for employees who received options in 2020 was generally 32.4% lower than in 2019, and 25.7% lower for those who did not receive 2020 options. As in prior years, Mr. Cornwell’s MB was consistent with other participants in the MB Plan, with the exception that he does not participate in the bonus inflating factor.

The compensation of employees other than the CEO, including other named executive officer(s), is administered by the CEO under the review and ratification of the Compensation and Benefits Committee comprised of the independent directors. For all other employees, in collaboration with the other executive officer(s), the CEO develops compensation policies, plans and programs that are intended to meet the objectives of the Company’s overall compensation program. The Compensation and Benefits Committee annually reviews and approves the elements of the compensation program recommended by the CEO. In addition, the committee periodically reviews any proposed changes within a calendar year.

Employment Agreements, Termination of Employment, and Change in Control.

Except for Mr. Cornwell, the Company has no employment agreements in the United States. In Ireland and Canada, UTMD is subject to providing certain statutory advance notice and severance benefits to its employees in the event of redundancy termination. In the United Kingdom (UK) and Australia (AUS), Femcare has an employment agreement with each of its employees that typically includes a three month termination notice or pay in lieu of notice.

In May 1998, the Company entered into an agreement with the CEO to provide a long term incentive to increase stockholder value. Per the agreement, the Company is required to pay Mr. Cornwell additional compensation in the event his employment is terminated as a result of a change in control at the election of the Company or by the mutual agreement of Mr. Cornwell and the Company. Under the agreement, the additional compensation that the Company is required to pay Mr. Cornwell is equal to his last three years’ salary and bonuses. Based on salary plus bonuses for the three years of 2018-2020, the additional compensation would be \$1,358,400.

In the event of a change in control, the Company will also pay Mr. Cornwell incentive compensation under the agreement equal to about 1.7% of the enterprise value paid by an acquiring entity that exceeds \$14.00 per share. For example, at the \$84.30 per share closing price at the end of 2020, the amount of incentive compensation in the event of an acquisition of UTMD would be \$5,272,500. At the time of the execution of the agreement, the value per UTMD share was \$7.75.

Except for statutory notice, or payment in lieu provisions in UK employee contracts, UTMD's CEO is the only employee with a formal termination benefit agreement, which was last modified in 1998. The Board of Directors does not anticipate the need for any other agreements for the indefinite future. In the absence of any practical requirement, UTMD has no general policies regarding termination benefits other than compliance with employment regulations.

The Company is also required to pay all optionees under employee and outside director's option plans, the appreciation of stock value for awarded options above the option exercise price ("in the money") in the event of a change of control of the Company. The number of options outstanding as of December 31, 2020, was 69,036 at an average exercise price of \$67.232/ share. At the year-end 2020 per share closing price of \$84.30, the amount of change of control pay due all optionees would be \$1,178,306.

4. Mr. Richins received the \$26,000 base annual outside director's fee in 2020, which will be \$28,000 in 2021.

At the 2003 Annual Meeting, stockholders approved the 2003 Employees' and Directors' Incentive Plan, under which up to 1.2 million shares could have been granted over the ten-year life of the plan. The Board of Directors did not approve an award of outside director options in the three preceding years 2000-2002, or in the ensuing years of 2004-2019, except for a 10,000 share award to Dr. Beeson upon joining the board in 2007 and an ensuing 10,000 share award to Dr. Beeson in 2008. The 2003 Plan expired in February 2013.

At the 2013 Annual Meeting, stockholders approved the 2013 Employees' and Directors' Incentive Plan, under which up to 600,000 shares may be granted over the ten-year life of the plan. No options have been granted to outside Directors under the 2013 Plan. In 2014, prior to his retirement as a UTMD employee in 2018, Mr. Richins received a stock option award under which 62 shares remain unexercised as of December 31, 2020.

CEO PAY RATIO DISCLOSURE

The median annual total compensation of all employees of the Company in 2020, other than Mr. Cornwell, was \$35,212. Mr. Cornwell's total annual compensation in 2020 was \$327,340. The ratio of these two amounts is 1:9.

To identify the median employee, UTMD compared annual pay, as of December 31, 2020, for all of its employees excluding the CEO, wherever they reside in the world. In addition to the United States, the Company has employees in the United Kingdom, Ireland, Australia and Canada. Employee pay rates in foreign currencies were converted to U.S. Dollars using exchange rates on December 31, 2020. The median annual pay was identified and that employee's total annual compensation in 2020 was subsequently calculated using the same methodology as that used for calculating Mr. Cornwell's compensation as shown in the 2020 Summary Compensation table.

COMPENSATION DISCUSSION AND ANALYSIS

General

Under the supervision of the Compensation and Benefits Committee, UTMD has developed and implemented compensation policies, plans and programs that seek to enhance the long-term profitability, EPS growth and return on stockholders' equity (ROE) of the Company, and thus stockholder value, by aligning closely the financial interests of the Company's senior management and other key employees with those of its stockholders. The long term key financial performance objectives are a 15% annually compounded rate of increase in EPS and an average ROE prior to payment of cash dividends greater than 20%. As of the end of 2020, the Company has actually achieved a 13.1% annually compounded rate of increase in EPS and an average annual ROE (prior to payment of stockholder dividends) of 27% over the thirty-four years since 1986, UTMD's first year of profitability since becoming a publicly-traded company.

At the beginning of each year, the Board of Directors approves an operating plan which sets the standard for the Company's financial and nonfinancial performance. The performance each year may vary according to global economic conditions, government restrictions on medical procedures, competitive environment, life cycle of products, new product development, manufacturing costs and other factors. The Compensation and Benefits Committee then approves compensation criteria set in relation to the Company's annual operating plan which includes numerous income statement, balance sheet and cash flow measures, in addition to nonfinancial objectives established for each employee participating in the annual MB program.

The Company applies a consistent philosophy to compensation for all employees, including senior management. The philosophy is based on the premise that the achievements of the Company result from the coordinated efforts of all individual employees working toward common objectives. The Company strives to achieve those objectives through teamwork that is focused on meeting the needs and expectations of customers and stockholders.

The Company believes that its compensation policies, in particular its profit-sharing MB program and employee stock option awards, align employee compensation with stockholder interest in creating longer term stockholder value and consistent profitability. There are no compensation programs or policies that create risks that are reasonably likely to have a material adverse effect on the Company.

There are seven basic objectives for the Company's compensation program:

- (1) Pay for Performance. The basic philosophy is that rewards are provided for the long-term value of individual contribution and performance to the Company. Rewards are both recurring (*e.g.*, base salary) and non-recurring (*e.g.*, bonuses), and both financial and non-financial (*e.g.*, recognition and time off).
- (2) Provide for Fairness and Consistency in the Administration of Pay. Compensation is based on the value of the job, what each individual brings to the job, and how well each individual performs on the job, consistently applied across all functions and subsidiaries of the Company.
- (3) Pay Competitively. The Company believes it needs to attract and retain the best people in the industry in order to achieve one of the best performance records in the industry. In doing so, the Company needs to be perceived as rewarding well, where competitive compensation includes the total package of base pay, bonuses, awards and other benefits.

(4) Conduct an Effective Performance Review Process. The Company believes it needs to encourage individual employee growth and candidly review each individual's performance in a timely way. This feedback process is bilateral, providing management with an evaluation of the Company through the eyes of its employees.

(5) Effectively Plan and Administer the Compensation Program. Expenditures for employee compensation must be managed to what the Company can afford and in a way that meets management goals for overall performance and return on stockholder equity.

(6) Communicate Effectively. The Company believes that an effective communication process must be employed to assure that its employees understand how compensation objectives are being administered and met.

(7) Meet All Legal Requirements. The compensation program must conform to all statutory employment laws and rules.

The Company uses essentially five vehicles in its compensation program.

(1) Salary. UTMD sets base salaries by reviewing the aggregate of base salary and annual MB for competitive positions in the market. The CEO's base salary is set early in each calendar year by the Board of Directors. Because UTMD is a small company where responsibilities are fluid and cross functional lines, there may not be a one for one comparison with other companies' job positions. Based on the knowledge and experience of members of senior management and the Compensation and Benefits Committee, base salaries are fixed at levels somewhat below the competitive amounts paid to management with comparable qualifications, experience and responsibilities at other similarly profitable companies engaged in the same or similar businesses. Then, annual bonuses and longer term incentive compensation are more highly leveraged and tied closely to the Company's success in achieving significant financial and non-financial goals.

(2) Bonuses. UTMD's Profit-Sharing Management Bonus Plan (MB), which funds annual management bonuses, along with other contemporaneous incentives during the year, is generated out of a pretax/prebonus profit-sharing pool accrued throughout the year, and finalized, where the annual MB portion is concerned, after the year-end independent financial audit has been completed. Prior to 2006, the Board of Directors had approved an accrual guideline of 4% of pretax, prebonus earnings, plus 10% of pretax, prebonus earnings improvements over the prior year's results, as an allocation for the plan. For example, if the Company achieved 20% growth in pretax/prebonus accrual earnings, the MB Plan would accrue 6% of pretax, prebonus earnings during the applicable year into a "pool." The pool would then be distributed after the completed independent audit after recommendation of the Compensation and Benefits Committee and approval by the Board. Beginning in 2006, although the mechanism for the MB Plan remains unchanged, in order to compensate for the decrease in the number of option shares granted key employees (as the result of the requirement to expense the estimated "value" of options), the Board of Directors increased the base percent of the annual Management Bonus accrual formula from 4% to 5% of pretax/prebonus profits, and, except for the CEO, added an additional bonus inflating factor ranging from 7-15%.

Although all of UTMD's employees are eligible to participate in the MB, the year-end bonus is administered beginning with the first level of supervision and professional management, and including certain non-management specialists and technical people, together with all direct sales representatives, by the measurement of success relative to objectives established at the beginning of each year. At the beginning of the year, those plan participants were generally awarded participation units in the bonus plan, proportional to base salary and responsibility, based on senior management's determination of the relative contribution expected from each person toward attaining Company goals. Each individual's performance objectives, derived as the applicable contribution needed from that key employee to achieve the Company's overall business plan for the year, are available for review as needed by the Committee. As part of the planning process, each applicable employee develops a set of measurable and dated objectives for the ensuing year. Achieving the Company's plan sets an expected value per bonus unit. After the end of the year, each individual participant's contribution to the Company's performance is assessed by senior management in order to determine an additional allocation of units for individual contributions, with the accomplishment of the beginning of year objectives as the key component. In 2020, all employees of the Company participated in the distribution of \$589,280 in bonuses funded by the MB plan, including special attendance incentives and payroll taxes.

The Company makes occasional cash awards, in amounts determined on an individual basis, to employees who make extraordinary contributions to the performance of the Company at any time during the year. These contemporaneous payments are made as frequently as possible to recognize excellent accomplishments when they occur. The awards are funded from the accrued MB plan described above, and therefore do not otherwise impact the Company's financial performance. Senior management is not eligible for these awards.

3) Employee Stock Options. The Compensation and Benefits Committee believes that its awards of stock options have successfully focused the Company's management personnel on building profitability and stockholder value. The Board of Directors considers this policy highly contributory to growth in future stockholder value. The number of options awarded reflects the judgment of the Board of the number of options sufficient to constitute a material, recognizable benefit to recipients. No explicit formula criteria are utilized, other than minimizing dilution to stockholder interests and the impact on earnings per share for option expense. When taken together with the share repurchase program, the net result of the option program over the last twenty-eight years has been awarding option shares to employees at a higher price, and in substantially smaller amounts, than shares actually repurchased in the open market.

At the 2003 Annual Meeting, stockholders approved the 2003 Employees' and Directors' Incentive Plan, under which up to 1.2 million shares could have been granted over the ten-year life of the plan. During the same period of time that 153,000 (uncancelled) option shares were granted to employees under the 2003 Plan, UTMD repurchased 1.4 million of its shares in the open market. As of December 31, 2020, 4,112 unexercised option shares remained outstanding under the 2003 Plan.

At the 2013 Annual Meeting, stockholders approved the 2013 Employees' and Directors' Incentive Plan, under which up to 600,000 shares may be granted over the ten-year life of the plan. As of December 31, 2020, 64,924 unexercised option shares were outstanding under the 2013 Plan.

After the first seven years of the ten year plan approved by stockholders in 2013, the plan allowed 450,000 shares cumulatively available for grant out of the 600,000 total. In the first seven years of the plan, UTMD awarded 115,700 option shares (out of the authorized 450,000 shares) at an average exercise price of \$62.70 per share. In addition, 22,936 option shares of the 115,700 awarded have been cancelled as the result of employees leaving the Company prior to vesting in the right to exercise, leaving a maximum dilution of 92,764 shares from options cumulatively awarded under the 2013 Plan through 2020. During the same seven years, UTMD repurchased 192,207 shares in the open market at an average price including commissions and fees of \$68.50/ share. In other words, UTMD has cumulatively repurchased more than twice as many shares at an average 9% higher price per share than it has "sold" in the form of employee option awards under the 2013 plan. In combination with share repurchases, the option plan has been non-dilutive to stockholders while providing a substantial incentive to employees.

After the conclusion of the annual independent audit and public announcement of financial results, the Board of Directors typically allocates an annual number of shares for employee options each year at its regularly scheduled Board meeting following the audited close of the prior year's financial performance. Allocated shares are usually reserved for awards later in the year to employees, including new or key employees with increased responsibilities. The Compensation and Benefits Committee approves all awards, and the closing price on the date of the approval is the exercise price of the option shares. According to policy, awards are not made in advance of material news events, or when material non-public information is known.

In December 2018, option awards were granted to 45 U.S., Ireland, UK, Canada and Australia employees to purchase a total of 22,400 shares at an exercise price of \$74.64 per share. One thousand, four hundred twenty-five of the 2018 awarded shares have been cancelled as of December 31, 2020.

In March 2020, option awards were granted to 48 U.S., Ireland, UK, Canada and Australia employees to purchase a total of 26,300 shares at an exercise price of \$77.05 per share. Five hundred of the 2020 awarded shares have been cancelled as of December 31, 2020.

Employee and director options vest over a four-year period, with a ten-year exercise period as long as the employee remains employed. Management expects to recommend additional options be awarded on an annual basis to the Company's key employees based on its belief that sharing ownership of the Company with those who help create its success is the best way to assure growth in stockholder value. UTMD stockholder value in terms of share price, which ended 2020 at \$84.30, plus cash dividends paid to stockholders, grew 1,437% (an annually compounded growth rate of 13%) over the last 22 years to the end of 2020.

(4) Retirement Plans. The Company has sponsored a 401(k) retirement plan for U.S. employees since 1985, a contributory retirement plan for Irish employees since 1998, a contributory retirement plan for Femcare UK employees since 2011, a contributory retirement plan for Femcare Australia employees since 2013, and a contributory retirement plan for Femcare Canada employees since 2017. In addition to meeting statutory requirements, the Compensation and Benefits Committee believes that a continuance of the retirement plans is consistent with ensuring a stable employment base by helping to provide Company employees with a vehicle to build long-term financial security. In 2020, the Company contributed and paid administrative costs at a total expense, including all of its subsidiaries, of \$178,300. For 2021, the Board of Directors has approved continuing the retirement plan contributions on the same basis as in 2020.

(5) Group Benefit Plans. In the U.S., the Company provides group medical, dental and life insurance benefit plans for its employees. For U.S. employees, the health benefits plan is consistent with self-funded group plans offered by other companies. The portion of the monthly premium cost is paid by U.S. plan participants on a graduated scale so that higher paid employees pay a higher premium. In Ireland, the UK, Canada and Australia, employees do not pay premiums, and are provided medical and life coverages consistent with benefits provided to employees of similar companies.

Structure for Executive Officer Compensation

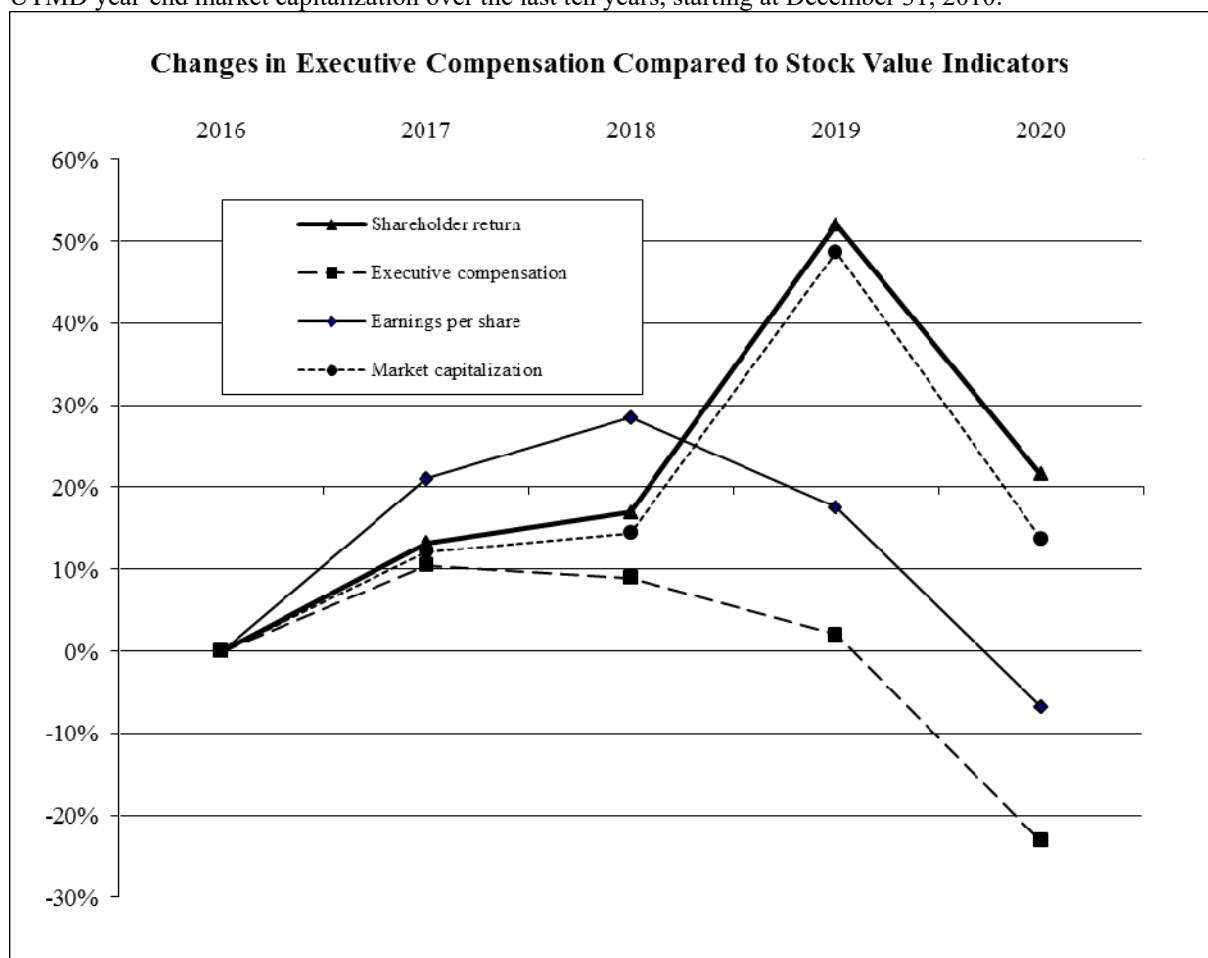

The structure and activities of the Compensation and Benefits Committee meet the requirements of SEC Rule 10C-1, as mandated by Section 952 of the Dodd-Frank Act. Regarding Item 407(e)(3) of Regulation S-K, in 2020 the Committee did not retain or obtain the advice of a compensation consultant.

Utilizing the compensation objectives and vehicles outlined previously, the Compensation and Benefits Committee, comprised of three independent outside directors, establishes the annual base salary for the CEO. All other employees' salaries are set by the CEO and reviewed by the Committee for consistency with the Company's compensation objectives. The Committee periodically uses surveys of similar companies selected from among the companies with which UTMD's stock is compared in the Stock Performance Chart, based on variations in industry type, geographic location, size, and profitability as the Committee deems appropriate. Base salary is fixed at a level somewhat below the competitive amounts paid to executive officers with comparable qualifications, experience and responsibilities at other similarly sized companies engaged in the same or similar businesses. The annual MB and long-term incentive compensation in the form of stock options were more highly leveraged and tied closely to the Company's success in achieving significant financial and non-financial goals.

The annual MB for the named executive officers are awarded using the same basis as all employees included in the annual profit-sharing MB Plan, except a bonus inflating factor related to stock option awards is not included for the CEO. The goals for executive officers include financial and non-financial goals. Financial goals include net sales, gross profit margin, operating margin, EBITDA, EBT, after-tax profits, return on equity and earnings per share. Non-financial goals include continuing the development of a talented and motivated team of employees, conceiving and implementing programs to maintain competitive advantages and to achieve consistent earnings per share growth, reacting to competitive challenges, developing business initiatives to further support critical mass in a consolidating marketplace, promoting the Company's participation in socially responsible programs, protecting intellectual property rights, maintaining compliance with regulatory requirements, achieving a high regard for the integrity of the Company and its management, and minimizing issues that represent significant business risk factors such as overly burdensome administrative programs and product liability exposure. In 2020, due to the surprise of a corona virus pandemic, UTMD did not meet its beginning of year financial objectives. Based primarily on the Company's 22% lower pretax/pre-MB EBT, the CEO's annual management bonus was 22% lower than in 2019. Because of reductions in the bonus inflating factor, for which the CEO does not participate, average 2020 bonuses for the same level of responsibility and contribution of employees regularly participating in the MB plan were about 30% lower than in 2019.

The Committee intends that stock options serve as an important component of executive officers' total compensation in order to retain critical efforts on behalf of the Company and to focus efforts on enhancing stockholder value. The Committee believes that past option awards have successfully provided this incentive. An option for 50,000 shares was awarded the CEO in January 2004, at an exercise price of \$25.59 per share. Except for the January 2004 award, no CEO options were awarded during the last twenty-two years.

The following chart compares annual changes in total executive compensation with changes in non-GAAP earnings per share, stockholder return (year-end share price plus cash dividends paid during the year) and UTMD year-end market capitalization over the last ten years, starting at December 31, 2010:

BOARD OF DIRECTORS AND BOARD COMMITTEE REPORTS

Director Independence

UTMD's Board of Directors has determined that a majority of its directors are independent, as that term is defined in Nasdaq Stock Market Rule 5605(a)(nas2), which satisfies the independence requirement of Nasdaq

Stock Market Rule 5605(b)(1). The Board of Directors was not aware of any transactions, relationships or arrangements to be considered in determining that Dr. Payne, Mr. Hoyer and Dr. Beeson were independent under the Nasdaq Stock Market Rules.

Board Leadership

The roles of CEO and Chairman are held by Mr. Cornwell. Because of Mr. Cornwell's training and experience in the organization of functions of a Board of Directors, his successful tenure on the board since 1993 and the small size of the Company's board membership, the Board of Directors believes this structure is most appropriate at this time. Mr. Hoyer serves as the lead director of the outside directors because of his tenure as the longest serving independent outside director and his roles as Chairman of the Audit Committee and outside director representative on the Executive Committee. As the lead outside director, Mr. Hoyer coordinates independent meetings of the outside directors, and assimilates outside director questions and company management responses.

Risk Oversight

The Board of Directors takes a key role in overseeing the Company's risks. The board receives frequent timely reports of the Company's financial performance, changes in and composition of balance sheet accounts, quality assurance program effectiveness, product liability risks and status of relationships with all business constituencies including customers, employees, suppliers and government entities. The board reviews and authorizes all material contracts in which the Company enters, including banking relationships. The Governance and Nominating Committee receives regular reports on UTMD's compliance with securities laws and communications with the SEC and stockholders. The Audit Committee has established an independent whistleblower hot line to encourage early and anonymous reporting of accounting irregularities or other violations of UTMD's codes of ethics directly to the Audit Committee Chairman. The Board of Directors routinely reviews litigation threats, regulatory compliance, product/market strategies and operational activities of the Company.

Board Committees and Meetings

The Board of Directors held three formal meetings during 2020, and one meeting to date in 2021. The independent directors also met informally with the CEO during the year. All of the directors attended all applicable meetings during their respective incumbencies. The independent outside directors also met without executive management four times during 2020, and once to date in 2021.

The Company has Executive, Audit, Governance and Nominating and Compensation and Benefits Committees. The current members of the Company's committees are identified in the preceding Security Ownership table. The written committee charters, composition, schedule of meetings and attendance are available for public review at www.utahmed.com/corporate-governance.html.

During 2020 and to-date in 2021, the Executive Committee has held at least one informal meeting per month. Any formal actions taken on behalf of the Board of Directors by the Executive Committee were subsequently presented to the full board for ratification.

The Audit Committee formally met four times during 2020 and once to date in 2021 to review the quarterly financial reports, periodic independent accounting reviews and financial and internal control audits by UTMD's independent audit firms. The Audit Committee selects the Company's independent accountants, approves the scope of audit and related fees and reviews financial reports, audit results, internal accounting procedures, internal controls and other programs to comply with applicable requirements relating to financial accountability. The Audit Committee Chairman on behalf of the Audit Committee reviewed and approved independent auditors for the UK, Ireland, Canada and Australia subsidiaries' financial audits and tax returns.

The Governance and Nominating Committee met formally three times during 2020, and once to date in 2021. The Governance and Nominating Committee takes the lead in developing and implementing policies that are intended to ensure that the Board of Directors will be appropriately constituted and organized to meet its fiduciary obligations to the Company and its stockholders, identify individuals qualified to become members of the Board of Directors, and develop and recommend to the Board of Directors a set of corporate governance principles applicable to the Company. During its meetings, after receiving the Company's routine compliance reports, the Governance and Nominating Committee reviewed compliance by UTMD and its personnel, including executive officers and directors, with applicable regulatory requirements as well as the Company's

own compliance policies, and compared its established policies and procedures for compliance with current applicable laws and regulations, under the guidance of corporate counsel, as needed.

The Governance and Nominating Committee will consider nominees recommended by stockholders. In accordance with the Company's Bylaws, stockholders' nominations for election as directors must be submitted in writing to the Company at its principal offices not less than 30 days prior to the Annual Meeting at which the election is to be held (or if less than 40 days' notice of the date of the Annual Meeting is given or made to stockholders, not later than the tenth day following the date on which the notice of the Annual Meeting was mailed).

When considering candidates for directors, the Governance and Nominating Committee takes into account a number of factors, including the following:

- judgment, skill, integrity and reputation;
- whether the candidate has relevant business experience;
- whether the candidate has achieved a high level of professional accomplishment;
- independence from management under both Nasdaq and Securities and Exchange Commission definitions;
- existing commitments to other businesses;
- potential conflicts of interest with other pursuits;
- corporate governance background and experience;
- financial and accounting background that would permit the candidate to serve effectively on the Audit Committee; and
- size, composition, and experience of the existing Board of Directors.

When considering director candidates, the committee looks for diversity in experience, education, knowledge of industry and geography that when taken in the aggregate of all directors provides a robust scope of understanding of the functional and strategic challenges that the Company faces.

The committee will consider candidates for directors suggested by stockholders using the same considerations. Stockholders wishing to suggest a candidate for director should write to Governance and Nominating Committee, Utah Medical Products, Inc., 7043 South 300 West, Midvale, UT 84047 and include:

- a statement that the writer is a stockholder and is proposing a candidate for consideration by the committee;
- the name of and contact information for the candidate;
- a statement that the candidate is willing to be considered and would serve as a director if elected;
- a statement of the candidate's business and educational experience preferably in the form of a resume or curriculum vitae;
- information regarding each of the factors identified above, other than facts regarding the existing Board of Directors, that would enable the committee to evaluate the candidate;
- a statement detailing any relationship between the candidate and any customer, supplier, or competitor of the Company;
- detailed information about any relationship or understanding between the stockholder and the proposed candidate; and
- confirmation of the candidate's willingness to sign the Company's code of ethics and other restrictive covenants, and abide by all applicable laws and regulations.

Before nominating a sitting director for reelection at an annual meeting, the committee will consider:

- the director's performance on the Board of Directors and attendance at Board of Directors' meetings; and
- whether the director's reelection would be consistent with the Company's governance guidelines and ability to meet all applicable corporate governance requirements.

When seeking candidates for director, the committee may solicit suggestions from incumbent directors, management or others. After conducting an initial evaluation of the candidates, the committee will interview that candidate if it believes the candidate might be suitable for a position on the Board of Directors. The

committee may also ask the candidate to meet with management. If the committee believes the candidate would be a valuable addition to the Board of Directors, it will recommend to the full Board of Directors that candidate's nomination.

The Compensation and Benefits Committee consulted by telephone and met formally in early 2020 and again in early 2021 to review management performance relative to objectives, recommend compensation and develop compensation strategies and alternatives throughout the Company, including those discussed in the Compensation Discussion and Analysis section of this Proxy Statement. The deliberations culminated in recommendations ratified at the February 2020 and February 2021 Board of Directors meetings. None of the members of the Compensation and Benefits Committee or executive management has engaged a compensation consultant within the past five years.

The policy of the Company is that each member of the Board of Directors is encouraged, but not required, to attend the Annual Meeting. All five directors attended the 2020 Annual Meeting by telephone.

Stockholder Communications with Directors

UTMD stockholders who wish to communicate with the Board, any of its committees, or with any individual director may write to the Company at 7043 South 300 West, Midvale, UT 84047. Such letter should confirm that it is from a UTMD stockholder. Depending upon the subject matter, management will:

- forward the communication to the director, directors, or committee to whom it is addressed;
- attempt to handle the inquiry directly if it is a request for information about UTMD or other matter appropriately dealt with by management; or
- not forward the communication if it is primarily commercial in nature, or if it relates to an improper or irrelevant topic.

At each Board of Directors' meeting, a member of management presents a summary of communications received since the last meeting that were not forwarded to the directors, and makes those communications available to the directors on request.

Report of the Compensation and Benefits Committee

The Compensation and Benefits Committee has reviewed and discussed the CD&A with UTMD management. Based on that review, the Committee recommended to the Board of Directors that the CD&A be included in the Company's annual report on Form 10-K and this Proxy Statement. The Compensation and Benefits Committee charter is available at www.utahmed.com.

Report of the Audit Committee

The present Audit Committee of the Board of Directors is composed of all three independent outside directors, who are independent as defined in Nasdaq Stock Market Rule 5605(a)(2) and under Rule 10A-3(b)(1) adopted pursuant to the Securities Exchange Act of 1934 and comprise a majority of the Board of Directors. The Audit Committee charter is available at www.utahmed.com. Ernst G. Hoyer is the Board of Directors' designated Audit Committee Chairman and Financial Expert consistent with The Sarbanes-Oxley Act of 2002.

The Audit Committee oversees the financial reporting and internal controls processes for UTMD on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Audit Committee reviewed the quarterly and annual financial statements included in the Annual Report to Stockholders and reports filed with the Securities and Exchange Commission.

The Audit Committee formally met four times during 2020 and once to date in 2021 to review the quarterly financial reports and the quarterly reviews by the Company's independent lead auditors, Haynie & Company, as well as the 2020 annual financial audit by Haynie & Company. The Committee also met informally as needed during the year. In accordance with Statement on Auditing Standards No. 61, discussions were held with management and the independent auditors as needed regarding the acceptability and the quality of the accounting principles used in the reports. These discussions included the clarity of the disclosures, the underlying estimates and assumptions used in the financial reporting and the reasonableness of the significant judgments and management decisions made in developing the financial statements. In addition, the Audit

Committee has discussed with the independent auditors their independence from the Company and its management, including the matters in the written disclosures required by Independence Standards Board Standard No. 1 and The Sarbanes-Oxley Act of 2002.

The Audit Committee has also met with Company management and its independent auditors and discussed issues related to the overall scope and objectives of the audits conducted, the internal controls used by the Company, the openness and honesty of management, auditor verification of information provided by management, quality control procedures used by auditors in performing the independent audit and any possible conflicts of interest. The Committee elicited recommendations for improving UTMD's internal control procedures.

Pursuant to the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2020, for filing with the Securities and Exchange Commission.

PROPOSAL NO 2. RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee selected, and the Board of Directors ratified, the engagement of Haynie & Company as the Company’s auditor and independent registered public accounting firm for the year ended December 31, 2020. The Audit Committee has determined to appoint Haynie & Company as the Company’s principal auditor and independent registered public accounting firm for the year ending December 31, 2021, contingent on acceptable terms of engagement including schedule and fee agreement.

If the selection of the independent registered public accounting firm is not ratified by stockholders, the Audit Committee will reconsider its selection. Even if the selection is ratified by stockholders, the Audit Committee, in its discretion, may determine to appoint a different independent lead registered public accounting firm if the Audit Committee believes that it would be in the best interest of the Company and its stockholders.

Representatives of Haynie & Company are likely to be present at the Annual Meeting, and can make a statement if they desire to do so as well as respond to stockholder questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF HAYNIE & COMPANY AS ITS PRINCIPAL INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR YEAR ENDING 2021.

This includes independent auditor firms other than Haynie & Company that were required for financial audits of Femcare and its subsidiaries, the completion of tax returns for foreign subsidiaries including Femcare and its subsidiaries and statutory audits of the Company's employee benefits plans. The policy of the Audit Committee is to require that all services performed by independent auditors be pre-approved by the Audit Committee Chairman before services are performed.

Auditor Independence

The Audit Committee has considered whether the provision of the services rendered for non-audit matters is compatible with maintaining auditor independence, and concluded that auditor independence was not impaired by performing such work for the Company, where applicable.

PROPOSAL NO 3. ADVISORY VOTE ON EXECUTIVE COMPENSATION

As described in the Compensation Discussion and Analysis, UTMD seeks to develop and implement its executive compensation program to enhance the long-term financial value of the Company by closely aligning the financial interests of the Company's senior management and other key employees with those of its stockholders.

The Board of Directors values and encourages constructive dialogue on compensation and other important governance topics with stockholders, to whom it is ultimately accountable. The Board of Directors has determined to provide stockholders with an advisory vote on executive compensation every year, which it believes will enhance stockholder communication by providing another avenue to obtain information on stockholder views about the Company's executive compensation program.

Although the vote is non-binding, the Board of Directors and Compensation and Benefits Committee will review the voting results and consider constructive feedback obtained through this process in making future decisions about executive compensation.

Accordingly, the Board of Directors proposes that stockholders approve the following advisory resolution:

RESOLVED, that UTMD stockholders approve, on an advisory basis, the compensation paid to UTMD's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.
